Security Advisory

Dear Residents,

We recently had two break-in cases in the Tower units. The point of entry by the thief was through the yard area and second washroom window. We would strongly like to recommend High-rise units 1 and 6 on every floor to install grills at the area within the yard perimeter and second washroom window, as we have found that these units are the ones with a higher risk for potential break-ins. Do be reminded also that the design and installation of the grills should conform to our approved design and house rules.

This advisory is not intended to put anyone in a state of panic. It is only a recommendation by the security sub-comm. of JMC.

Thank you.

JMC Security Sub-comm.
